# CP935W Quick Start

Package Contents

If you purchase CPW935 of DECT version, the package also include W70B. For the quick start guide of W70B, see [Quick Start for W70B](…\01. Quick Start for W70B.md).

| CP935W	W70B Base Station	Base Stand	Charging Cradle

| 2 Power Adapters	Quick Start Guide	Ethernet Cable

> ☼ **TIP**
> One power adapter (5V/0.6A) is for W70B base station, the other one (12V/1.25A) is for CP935W.

Charge CP935W

💡 **TIP**

- Use Yealink-supplied power adapter (12 V/1.25 A). A third-party power adapter may damage the wireless conference phone.

- Check the charging status in the upper-left corner of the LCD screen.
